- If you are saving for a loan deposit, transferring \$80.00 each fortnight into your Budget Account will mean you will have nearly \$500.00 in your account at the end of 3 months. This will assist in qualifying for a Personal Loan of \$5000.00.
- Minimum deposit of \$2 is required to open an account. This is to purchase the share of \$2(only required on 1 account).
- No minimum deposit is required to open the account.

# Term Deposits

Term Deposits are used to put your money aside and to earn you money in interest. If you receive a special payment for something such as a tax return, Centerlink bonus or royalty payment you can put some or all of that money aside in a term deposit so that it lasts longer and you earn some money on it.

## IMPORTANT INFORMATION

- As an example, if you deposit \$5,000 in a Term Deposit for 12 months at an interest rate of 4.00%, when your deposit matures it will be worth \$5,200. If you then compound your interest and reinvest the term deposit for a further 12 months you deposit will be worth \$5,408.

Fees and charges apply. (See our [Interest, fees & charges](#) brochure)  
Refer to our [Product Disclosure Statements](#) brochure for full details.

## 30 Day At Call Account

If you would like to earn a higher interest rate than you would on an everyday account but can't commit to the fixed period of a Term Deposit then a 30 Day At Call Account may be the answer. # Personal Loans

We can lend you money with a Personal Loan so that you can buy many things such as a car, a boat, a television, furniture or maybe a washing machine.

A Personal Loan allows to access a certain amount of money without having to save the whole amount first. You then repay the loan amount plus interest over a fixed period of time.

## IMPORTANT INFORMATION

- Personal Loans can only be used to buy goods from a third party (a shop or a car yard for example). The money will not be deposited into your account and cannot be used to pay bills.
- Personal Loans will normally be limited to a maximum amount of \$5000 for the first loan and \$10,000 for members who have already had a loan and repaid it within the terms and conditions.
- The maximum term of a loan will be 5 years.
- Your pay must go to your TCU account and you must save regularly for three months before being considered for a loan. Depending on the amount you want to borrow, you must save 10% of the loan amount. This means you will establish a savings history.

An example of how you can save for a deposit and then what you will need to pay back is below.

To Borrow	Must Save	Amount per f/n
\$1000	\$100	\$17
\$2000	\$200	\$34
\$3000	\$300	\$50
\$4000	\$400	\$67
\$5000	\$500	\$84

## Personal Loans

Depending on the interest rate at the time, the repayments on the loan will be approximately:

<b>Borrow</b>	<b>Repayments</b>	<b>Term</b>
\$1000	\$46 f/n	1 year
\$2000	\$47 f/n	2 years
\$3000	\$50 f/n	3 years
\$4000	\$53 f/n	4 years
\$5000	\$56 f/n	5 years

- Prior to a loan being approved for a car TCU staff will obtain a REVS check to ensure that nobody else owns the motor vehicle.
- TCU will hold a REVS certificate on any motor vehicle bought with a Personal Loan.
- Normal lending criteria, terms and conditions, fees and charges apply. (See our Interest, fees & charges brochure)
